Team Up with PCE for *Banquet for Life*

We are back to a live event for our *Banquet for Life* this 40th Anniversary year. And lively it will be! We have an exciting lineup of faithful men and hometown heroes, who have used their athletic platform to stand up for life, Anthony Muñoz, Bob Trumpy, and Dave Lapham. We're changing the speakers format this year to a round-table conversation, so you can enjoy their personal stories about building teams and families.

Join us for an Inspiring Evening
Monday, April 11 at the Hyatt Regency, downtown. Pre-game cocktails begin at 5:00 pm. Dinner and program kicks off at 6:30 pm. Tickets are \$100 for individuals and \$1,000 for a table of 10. This is our biggest fundraiser of the year and enables us to keep our doors open with help and hope to families in crisis!

Sponsorship Opportunities
Join the starting lineup by becoming a sponsor. There are many levels of sponsorship, or we can customize one that is perfect for you or your business.

To become a sponsor, to get tickets, or for more information, visit SupportPCE.com. For customized sponsorships, call Tracy at 513-321-3100.

Banquet for Life 2022 Keynote Lineup

Anthony Muñoz

Anthony Muñoz was the first-round pick of the Cincinnati Bengals and the third player selected overall in the 1980 NFL Draft. He played in 2 Super Bowls and was elected to the Pro Bowl 11 times and the recipient of virtually every other honor. He is widely regarded as the greatest offensive lineman in the history of the National Football League. In 2002, he established the Anthony Muñoz Foundation with the mission of engaging the Tri-State region to impact youth mentally, physically, and spiritually.

Bob Trumpy

Bob Trumpy is the father of Cincinnati's sports talk radio format; he started his sports call-in show in 1976. A former professional American football tight end, he played for the Cincinnati Bengals (1968-1977). He was a two-time National Football League Pro Bowler and a two-time American Football League All-Star. Following his playing career, he spent many years as a broadcast color analyst, calling 4 Super Bowls.

Dave Lapham

Dave Lapham brings his unique view from the worlds of football and broadcasting to his "In the Trenches" podcast. He was a football offensive lineman for the Cincinnati Bengals (1974-1983) and the US Football League's New Jersey Generals (1984-1985). During his career, he was a key player on the 1981 Bengals squad that won the AFC championship. He has served as the Bengals radio color commentator for over 30 seasons, is also a local Bengals TV analyst and radio host, and is a Big 12 football analyst for Fox Sports Network.

Fortify: the Antidote to Pornography

by Emily Young, FCPI
Chastity Education Manager

The average age of first exposure to pornography is eight years of age. It is important to remember that eight-year-olds are not seeking out this kind of explicit content; rather, they are preyed upon by the massive pornography industry which attempts to cause and form addiction in an increasingly younger audience, gaining them customers for life. This is a true tragedy, but it is not the end of the story.

When we present to students in the schools,

we advise them that porn use is highly addictive. It is often compared to drug use in its effects on the brain. Studies have shown that extensive porn use creates new neuro-pathways in the brain and even affects how the brain perceives other people. For a porn addict, other people are more likely to be viewed as objects rather than human subjects.

The porn industry knows that its product is highly addictive in nature, and it also knows that young people are more susceptible to forming addiction than adults. Because

of this, pornographic advertisements are disproportionately targeting youth—and, in some cases, children—so that the industry can feed off the addiction at a younger and younger age.

A porn addiction is a very serious matter, but it isn't a death sentence. There are resources available to help individuals struggling with this addiction. As Chastity Educators, we are happy to spread awareness of these resources to the students we teach.

One resource that we have found particularly helpful is *Fortify*, an online program designed to fight porn addiction. It is free for teens and students.

From their website: "*Fortify* is designed to equip individuals struggling with compulsive pornography use – young and old – with tools, education and community to assist them in reaching lasting freedom. Our mission is to help spark an uprising of people tired of porn messing with their lives – and ready for something far better."

With resources like *Fortify*, we are happy to report that change is possible, and students can find freedom from the shackles of porn use. May St. Michael the Archangel defend *Fortify* and others like it in this battle against pornography! (JoinFortify.com)

UC Bearcats Have Hustle & Heart *Football Family delivers 100 diaper bags!*

While preparing for the college football championship, the UC Bearcats Football Family continued their outstanding support of families in crisis pregnancies. Coaches and their families collected and filled 100 stylish diaper bags with badly needed baby items, a veritable baby shower in a bag!

One expectant mother commented, "I had nothing for my baby and no family in town. This cool bag got me off to a great start!"

Thanks to all who contributed, especially Coach Fickell and his wife, Amy. We were awestruck by everyone's heartfelt generosity to others during this exciting, historic season!

Fellow Pro-life Friends of PCE:

YES! Feel good about being pro-life; what a blessing! Yes, it is challenging, demanding even. But God said it was good...and THIS is good. For this is His Call to each one of us in this critical time in human history, in the church, in our nation, in our family.

Each of us actually does have a role to play: We say **Yes** to standing firmly wherever God puts us in this battle to uphold and defend the sanctity of each human life. Supporting PCE is a tangible way to serve. **Yes**, what a responsibility; what a PRIVILEGE!

We remind one another to understand the centrality of prayer in this ministry of pro-life; **Yes**, each of us prays to know how to love well for the day. **Yes**, we have to DECIDE to get our "heads where our hearts are", not just to "be pro-life" but to roll up our sleeves and choose to "LEARN pro-life", study it.

Familiarize ourselves and our friends with available resources: liveaction.org/learn/gethelp; the powerful testimony of women and men who have suffered the loss of a child in abortion Silentno-moreawareness.org.

A suggestion to effectively communicate *why the pre-born are people* too:

S.L.E.D. Acronym:

- Size is irrelevant for a person's value.
- Level of development is never grounds for mistreating someone.
- Environment does not determine personhood.
- Dependency does not determine personhood.

Looking for a strong friend and outstanding leader in LIFE AND HOPE? Looking for support in facing the corrupt propaganda of today's Culture of Death? Let's continue to work together, notably here at Pregnancy Center East. Together we can make a world of difference by putting our "faith into action". Our PCE friends, benefactors, board members, volunteers and staff stand together to keep PCE a Place of Hope. **Yes**, we say: Life is sacred.

God is good! **Jane Hoffman**, Board Trustee
